Hi [REDACTED]

Here is the letter and reporting form (Air 9) for submitting the calibration functions following a AST or QAL2. The form should be submitted within 6 months of a new calibration function being inputted into the DAHS.

As ever, any questions just ask

Hi [REDACTED]

Please find attached a standard letter going out to all operators of LCP or Incineration plant utilising CEM. There are some additional actions around reporting. Once you've had a chance to digest the letter and the attached documents please feel free to give me a call should you need to discuss

Kind Regards
