Hi
[redacted]

Please see below

The application can t seem to get through to the CS email I have checked with our IT and it seems to be an issue at your end? See snapshot below

Have you received the application? If so please can you provide an alternative email address? Or forward on our application to the relevant person?

Thanks

Something went wrong and your message couldn t be delivered This could be a temporary issue Try resending the message in a few minutes If that doesn t work forward this message to your email admin

ma A m s
The message couldn t be delivered because a mail routing loop was encountered This may be due to a routing misconfiguration in the mail flow settings of either your organization or the recipient organization If mail flow settings were recently updated this error may be temporary

Check the message headers in the section below to determine where the loop may be occurring and if it s something your or the email admin of the recipient organization can fix

For more information see E o code 5 4 2 n Exchange Online and Office 365
