Hi [REDACTED]

Please find attached outstanding CAR returns for 2025. If I could just point out 1 of these CARs has an attached action – Loss of CEM Data. Given the frequency of these, and the fact that many are foreseeable and preventable, I have placed an action to provide a summary of actions etc outlined to prevent a reoccurrence. Ive added an end date of 30 June 26. Let me know if this deadline is sufficient.

Kind Regards
