Hi [REDACTED]

Hope you are well.

Please find attached a copy of the CAR for our last inspection. Note there are a number of actions attributed to Thalia

Secondly, I'd like to share with you the work plan for the remainder of 2026 through till end March 2027.

We intend to undertake the following;

1/ Climate Change Adaptation audit – preferred dates July – October

2/ OTNOC audit – preferred dates October – Jan

3/ QAL2/AST desktop review – we would like to review your latest AST and QAL2 – will ask for this at a later date. Likely arrange a Teams meeting to discuss the findings

4/ Unannounced inspection

Could you provide a list of dates that you are available for items 1/ and 2/. We will share the latest templates regarding CCA as I know that you have undertaken work on OTNOC.

Kind Regards
